

REV. DR. NEILIEZHÜ ÜSOU  
MEMORIAL SCHOOL, KOHIMA

— — — — —  
“SOARING ABOVE  
AND BEYOND”

# ABOUT

Established in 2012, Rev Dr Neiliezhü Üsou Memorial School (RDNUMS) is a family run school established in memory of Lt. Rev. Dr. Neiliezhü Üsou, an Ordained Minister of God. RDNUMS is a dream project turning into reality of Lt. Rev. Dr. who dreamt of establishing a school during his lifetime for the future generation and to bring about a change in the educational system befitting for the upcoming generation.

## OUR MOTTO

“SOARING ABOVE AND BEYOND”

## OUR VISION

- To develop each child as a valued and respected individual.
- To encourage our children to achieve their maximum potential mentally, physically and spiritually.
- To provide opportunities to enable our children to become independent, confident and responsible citizens.
- To promote personal responsibility.
- To produce God-fearing, morally upright and academically proficient leaders of tomorrow.
- To make them become more self-directed and confident as they progress from junior to senior classes.
- To develop and enhance students' skills for the future.

## OUR AIM

- A happy environment that encourages enjoyment of learning.
- Provide opportunities for extending and enriching their individual experiences.
- Strive towards developing our children as individual learners.
- Provide a springboard for learning through structured and spontaneous play.

# ACADEMICS

## TEACHING APPROACH

At RDNUMS, we understand that it is always difficult to know which teaching strategy work best for a particular student. Our educators know that there is no “one size fits all” solution so rather, we strive to create a “one size for each” to achieve individual student success.

Each student achieves success at school based on their capabilities. We work hard to create a classroom that celebrates achievement and progress. We focus on how to support a child’s growth in various domains with cognitive, social, physical and emotional skills. We set goals, design syllabus, prepare individual lesson plans to help students achieve their full academic and social potentials. We encourage the students to follow inquiry based learning for comprehensive teaching-learning outcomes. Effective teaching is the designated goal of every teacher at RDNUMS.

## CURRICULUM

RDNUMS prepares an exciting program that explores children's creativity and imagination. We follow a broad and balanced curriculum providing students the opportunity to acquire a wide range of knowledge, skills and understanding according to their individual needs and academic abilities. Through a stimulating and challenging curriculum, alongside extracurricular activities offered to all pupils, we encourage all our learners to enjoy and achieve their full potential at school.

## PRE-PRIMARY

Our pre-primary education is based on the Montessori system where all students are presented with endless opportunities to develop their senses.

## PRIMARY/ UPPER-PRIMARY

Primary education at RDNUMS ensures broad based learning of the child which includes development of social, cognitive, cultural, emotional and physical skills. It is the foundation for further education as it forms the lives of children by promoting their decision-making skill.

## SECONDARY

Secondary Education is the continuing of education after the completion of Basic Education in Primary/Upper-Primary Level. It helps a student to enhance independent learning skills, set goals and achieve them. It also helps students to develop individual responsibilities as it is designed to give skills and knowledge needed to succeed in life. Secondary Education also paves the way for students to have a better idea of what career paths they should choose.

9:00 AM to 1:10 PM

## CLASSES 1 TO 10

9:00 AM to 01:50 PM | 02:30 PM

# ENRICHMENT

## RELIGIOUS LIFE

The school fosters on the overall development of the students and also gives important focus on the religious activities under the school curriculum so that the students will have a well-rounded perspective on faith and religious beliefs. The goal for conducting religious activities is to help the students learn the importance of prayer, reading the Bible and nurturing them to grow in the knowledge of God.

## MUSIC

Music is considered to be a fundamental component of human culture and behaviour. It reflects the culture and society we live in. It is an exceptional form of communication that can enthuse, stimulate children in their learning and enable them to better understand their world. Music integrates information from the senses of vision, hearing, touch and fine movements which are essential for the growth and development of different skills.

## DINING SERVICE

RDNUMS provides a fresh, local and healthy meal program. Our dining program collaborates with our food service provider to build a foundation of safe, nutritious, and quality food choices for students. Our commitment to health, wellness, and sustainability has a direct impact on our lunch and snack offerings.

# PHYSICAL EDUCATION

The aim of physical education at RDNUMS is to make every child physically, mentally and emotionally fit. It also aims to inculcate values like cooperation, respect of others, loyalty, self-confidence, winning with grace and losing with dignity. Apart from Athletic activities, Dance and Taekwondo forms an integral part of physical education.

# OUTDOOR LEARNING AND ENGAGEMENT

Outdoor learning covers a routine activity that ensures that children encounter and discover the natural surroundings, and learn by experience. It also develops a child's investigative skills and provides endless opportunities that lead to increased environmental awareness.

To develop a sense of self-independence, confidence, creativity, decision-making, and problem-solving skills, RDNUMS organizes learning that takes place outdoors with active community engagements.

# DIGITAL LEARNING

**NAGA  
ED.**

RDNUMS introduced Digital Learning with the goal of expanding the coverage of how technology is changing the nature of instructions and learning. The school campus is fully WiFi connected and is equipped with smart classrooms; and an ever expanding digital library apart from our modest in-house library room.

# HOUSE SYSTEM

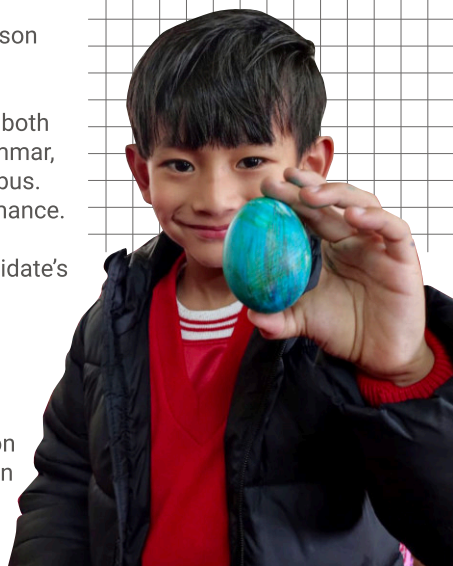

The House System occupies a prominent position in the field of co-curricular activities which are organized in a healthy competitive spirit. At RDNUMS, the students are divided into four houses: Red, Green, Yellow & Blue. Each color of the house gives a certain message and motto. The school encourages students to play an active role in the success of their houses.

# ADMISSIONS

## ADMISSIONS TO RDNUMS IS A PROCESS OF 3 (THREE) PHASES

- 1 First, interaction of parents with the authorized person and introduction to the school curriculum.
- 2 Secondly, student goes through a preparatory test, both written and oral on certain subjects like Math, Grammar, EVS/General Studies from their previous year syllabus. Applicants are selected depending on their performance. The performance of the candidate is intimated to parents after evaluation pointing out both the candidate's strength and weakness in the subject with scores.
- 3 Finally, approval from the office for the child's admission in the school.

Every year, admission for the new academic session starts from the month of August with the admission process for Primary Section continuing.

Parents submit the completed admission form along with the mentioned documents:

- Photocopy of Birth Certificate
- Two Passport size photographs
- Address proof

**SCHOOL ACADEMIC YEAR:**
